Quality Policy

It is the policy of David Bowler & Sons Ltd to satisfy all our customer needs and expectations in the supply of our products, including any applicable statutory and regulatory requirements. This should be achieved by the use of best preventive practices at all levels and ensure reliable risk management.

To this end David Bowler & Sons operates a Quality Management System that adopts the requirements of BS EN 9001:2015. The QMS is regularly reviewed to ensure its continuing suitability, adequacy and effectiveness, with any changes in the system that might be required along with their associated risks.

We are committed to continually monitor, develop, and improve the QMS system. We will measure our performance through the regular setting, reviewing of targets and objectives including customer satisfaction. The following key objectives help maintain and develop long term partnerships with our clients include good communications to clients by all staff, which is linked with the flexibility to meet the customer's needs with quality products delivered on time. Drive continual improvement and innovation based upon efficient business processes, along with our suppliers and sub-contractors also being encouraged to co-operate with us.

David Bowler & Sons Ltd ensures through regular training and review that all employees achieve the necessary level of competence to carry out their duties. All personnel within the company are responsible for the quality of their work and the requirements of our QMS, as well as its importance in meeting our business objectives and achieving our aims of long term success.

Robert Bowler Managing Director
