

DAVID BOWLER & SONS LTD. [DBS]- SUPPLIER CODE OF CONDUCT.
ENVIRONMENTAL STANDARDS.

1. General Requirements.

DAVID BOWLER & SONS LTD requires its suppliers to have an effective environmental policy, to hold and maintain all environmental permits in relation to their business and to comply with the existing local laws and regulations regarding the protection of the environment.

2. Hazardous and Chemical Substances.

DAVID BOWLER & SONS LTD requires its suppliers to identify and monitor chemical products and other materials posing a hazard to the environment and ensure the safe handling, movement, storage, recycling or reuse and disposal. We believe that this is vital not only for your organisation but for any products supplied by yourselves to DBS.

3. Waste.

DAVID BOWLER & SONS LTD believe It is in the interest of all Companies that Waste of all types, including water and energy, should be reduced or eliminated at the source wherever practical. Such methods that can be used are material substitution, conservation, recycling, or modifying production which is not only good for the environment, but helps the biodiversity of living species, fauna and flora upon the Earth as well as both financial and commercially. We would encourage suppliers to engage in such practices as necessary to ensure minimum wastage.
